(Special Dispatch to The Times.) JACKSON, MISS., May 15.—The fortyfirst session of the Southern Presbyterian General Assembly opened here to-day most auspiciously. A large number of commissioners are present. The majority of them are young men, and few are pas middle life. The retiring moderator, Mr. W. W. Woods, of Memphis, preached the opening sermon-a logical, eloquent and impassioned presentation of his subject, Christian Schools, and the crying needs of the times.

It took four ballets for Dr. W. T. Hall, of Columbia, S. C., to be elected moderator over Dr. Russell Cecil, of Rich-Lond. STANDING REPORTS.

Mr. Hawer has acted as recretary and treasurer temporarily, without compensation, and has discharged the duties of the office with signal ability, faithfulness and devotion. This Executive Committee has been incorporated by an act of the Legislature of Virginia. A manual of by-laws has been carefully and the complete setting forth prepared and is a complete setting forth of the organization, objects, methods and forms which the committee proposes to use in the prosecution of its work. This manual provides that an annuity may be paid to a minister over seventy years of has served the church for a pe age who has served the church for a period of thirty years. It also provides assistance for disabled ministers, lay missionaries and the orphan children of deceased ministers. The report recommends that no insurance feature be adopted for the purpose of ministerial relief, as the committee are satisfied, there is the committee are satisfied, as the couple invasilization, that such relief, as the committee are satisfied, after a thorough investigation, that such a teature could not compete successfully with our large life insurance companies. ENDOWMENT.

The committee has devoted much time to the question of securing an endowment fund. Free donations of \$1,000 each have been received for this purpose, one of tiese being from a Richmond lady, Mrs. E. Y. Cannon. The total endowment fund new bearing interest is \$4,475.20, an ennew bearing interest is \$4,475.20, an encouraging beginning, which it is hoped will grow rapidly from year to year.

A plan for cumulative endowment, suggested by Mr. S. H. Hawes, has been adopted by the committee and circulars and to to the churches with the request for their co-operation. The plan is to ask of each church an average contribution of ten cepts per member per month. tion of ten cents per member per month for five years. This plan has proved only partially successful, and it is not pro-posed to confine all efforts to this method. The appointment of a secretary to give The appointment of a secretary to give his whole time to this work is earnestly commended, as it is believed he could secure a large amount of money for the permanent fund by traveling among the permanent fund by traveling among the caurches and awakening their interest in this important cause. The annual support fund shows that there are 145 beneficiaries on the roll, and the total receipts only \$14,230.9. The apropriations to each beneficiary have been about \$90, which, small as it is, is larger than usual, the templay insufficient to meat the hut is wholly insufficient to meet the needs of the beneficiaries. There are about 2,000 members here, belonging to seven councils, and some of the members think it would be far better

It is the idea of some of the members

The Marquis of Villalobar, a former secretary of the Spanish Legation at Washington and an old friend of Dr. Curry, who has been appointed to attend the United States Envoy while in Madrid, called for the Doctor at 10:15 A.
